### MA Special Education with Special Education Generalist (Ages 5-21) Endorsement

The MA Special Education with Special Education Generalist Endorsement is designed for currently licensed teachers seeking career advancement and to provide the expertise needed to work effectively with students with special needs and diverse backgrounds. The program is fully accredited by the Colorado Department of Education and guided by the [Council for Exceptional Children's Professional Preparation Standards](#).

CU Denver provides approved program recommendation, but endorsement is granted by the state of Colorado. State requirements vary and may include teaching experience and exams in addition to a valid teaching credential. Students should consult with the Colorado Department of Education ([http://www.cde.state.co.us/cdeprof/licensure\\_authorization\\_landing](http://www.cde.state.co.us/cdeprof/licensure_authorization_landing)) or if you're applying for endorsement in another state, see <https://education.ucdenver.edu/academic-services/student-resources/teacher-licensure>
