

Master/EdS Course Validation Form

Any coursework taken that was more than 7 years prior to completion of a Master's or EDS must be evaluated and deemed current. The validation process is determined by the Faculty Advisor of the students' graduate program. Work completed more than 7 years prior to graduation will not be accepted for the degree unless validated by a special examination covering the content areas of the course. The examining faculty must include the faculty advisor and at least one program area faculty from the content area of the course prefix.
